BIG WAR SCARE AGAIN AVERTED.

Huerta Backs Up, and After
Sizing Up the Situation,
Backs Down.

THREATENS TAMPICO.

WASHINGTON, June 8.—Another crisis in the Mexican difficulty faced the Washington Government Sunday, a situation fraught with perils for mediation and with possibilities that might precipitate actual warfare between the United States and Mexico. Gen. Huerta brought about the new crisis by ordering his gunboats to blockade the port of Tampico and to seize a cargo of ammunition en route there for the Mexican Constitutionalists aboard the steamer Antilla from New York flying the Cuban flag. Huerta has notified the Powers of the intent to blockade the port and that he proposes to seize the cargo and consigned to the belligerents against his sovereignty as counterband of war.

HUERTA BACKS DOWN.

WASHINGTON, June 8.—Huerta has decided after all not to blockade Tampico and force the hand of the United States with the possibility of disrupt the mediation proceedings at Niagara Falls. Mr. Riano, the Spanish ambassador, notified Secretary Bryan officially to that effect today.

What actuated Huerta in backing down does not appear in the brief advice which reached Washington.

NAMES ON THE BALLOT.

Frankfort—Congressman A. O. Stanley's petition to get his name on the August primary ballot as a candidate for the Democratic nomination for United States Senator, was filed by T. M. Phyllian, who is in charge of Stanley's headquarters at Louisville.

Congressman Harvey Helm filed his petition in the office of Assistant Secretary of State C. H. Vansant, to get his name on the primary ballot as candidate for the Democratic nomination for Congress in the Eighth District.

GOV. BECKHAM SPEAKS TO CROWDS.

He Addresses Large Crowds
at Hazard and Whitesburg.

BECKHAM AT HAZARD.

HAZARD, KY., June 6.—The Hon. J. C. W. Beckham received a warm welcome by the mountain Democrats when they gathered about 2,000 strong in Hazard from every nook and corner of Perry, Leslie and Knott counties to add their voices to the wave of enthusiasm which seems to be sweeping that section for the ex-Governor.

At 1:30 in the court house auditorium, surrounded by bunting and flags artistically arranged by the daughters of Democracy, he was introduced in a pointed three-minute speech by Buford C. Tynes.

After laying stress upon the importance of the amendment to the United States constitution giving the people power to elect U. S. Senators directly, Mr. Beckham launched into the issues of the campaign. In addition to defending his record as Governor, he explained that the attacks that have been made upon him have been made by the enemies of Kentucky through Mr. Stanley.

His speech was well received by the audience, which was much impressed by the deliberation and sincerity of the speaker, and following the speech he was assured of the support of many of the independent voters in the general election.

OVATION FOR BECKHAM.

Ex-Gov. J. C. W. Beckham spoke in the Y. M. C. A. building in Fleming, the new city, in Letcher County, Thursday night, in the interest of his candidacy for the United States Senate, and handled the issues in a forceful, splendid manner. The crowd was made up of both Democrats and Republicans. That Mr. Beckham is unusually popular in Eastern Kentucky, there is no question. Letcher County will give him a large majority; in fact both the McCreary and Stanley followers predict that Beckham will get as many votes as both of them. The same is true of other mountain counties. All along the route of the Lexington & Eastern, Mr. Beckham was given a great demonstration, large crowds coming to the different stations in order to get a glimpse at the next United States Senator from Kentucky. From Fleming, Gov. Beckham went to Hazard, Perry County, and from Hazard to Jackson.

Mr. Beckham will carry Eastern Kentucky by the largest majority ever given a candidate.

HON. C. M. THOMAS.

HON. C. M. THOMAS REPLIES TO THE HON. J. C. CANTRILL.

Hon. C. M. Thomas late Saturday afternoon issued the following reply to the letter of Congressman Cantrill published in Friday's newspapers:

"To the Democrats of the Seventh Congressional District:

"The Honorable J. Campbell Cantrill has issued a statement through the press in which he finds fault with me for failing, in announcing myself a candidate for Congress, to renew my allegiance to the Baltimore platform, and boastfully proclaims, as if appealing to Democrats to look and see for themselves, that he is actually for once in line with the expressed will and judgment and temperament of his party.

"Now the gentleman is perfectly aware, as is every one acquainted with the facts, that no individual has ever questioned my absolute loyalty to my party and to its nominee, I can not help thinking that the gentleman's present attitude is assumed and proclaimed for the purpose of kicking up sufficient dust to obscure his stand with reference to party affairs in the not very distant past.

How Beckham Was Defeated.

"It is very generally understood that a great Democrat, his party's nominee for the United States Senate, was defeated a few years ago and a Republican elected in his place, through the agency of this gentleman, who now so loudly proclaims himself an advocate of his party's platform.

"Governor Beckham, in a State-wide primary, received the Democratic nomination for United States Senator. He was entitled to the support, not only of every Democratic member of the General Assembly to which his nomination was referred, but it was his due to have the loyal sympathy and aid of every individual Democrat within the borders of Kentucky, whether a member of the Assembly or not.

"For eighty-four days the Democratic caucus of that body labored incessantly to bring about his election, and for practically all of that time this gentleman, now professing to be a loyal Democrat, and claiming the consideration of Democratic voters, was in Frankfort representing the interests, it is said, that provided the sinews of war that undermined Democratic strength and brought about Democratic defeat.

Cantrill in Republican Camp.

"Not one time during that long drawn out struggle for Democratic rights did this alleged Democrat cross the threshold of our Democratic leader. Probably no day passed, if he was in Frankfort, during that wonderful fight of a great man for the rights which had been conferred upon him by his party, did this claimant for Democratic honors fail to enter and re-enter the headquarters of the Republican nominee, and give to him that degree and character of sympathy and support which finally resulted in Republican victory and Democratic defeat. What right has he to request or expect the votes of Democrats in a Democratic primary?

"I am indeed for the Baltimore platform, and I find nothing in it which imposes upon the Democrats of the Seventh District of Kentucky the duty of sending to Congress a man who, having pledged himself to vote for any measure, the purpose of which was to prevent the inter-state shipment of liquor into dry territory, then violated that pledge by voting against that very measure, known as the Webb-Kenyon Bill, and not only voted against it, but voted against its passage over the veto of a Republican President.

Cantrill's Political Alliances.

"I find nothing in the Baltimore platform that imposes upon the Democrats of the Seventh District of Kentucky any duty to send to Washington as their representative the man who created and has for twenty years maintained an alliance between politics and liquor.

AN EARNEST SUPPORTER.

Attorney James H. Minouge is an enthusiastic supporter of Hon. Claude M. Thomas for Congressman from the Seventh Congressional District to succeed Congressman J. Campbell Cantrill. "I am for the restoration of the old Ashland District in the Congress of the United States," said the attorney. "What Kentuckian is there who does not recall the prestige and power of our former representatives—Clay, Crittendon, Beck, Blackburn, Breckinridge and Settle, and then reflects on our present and almost practically unknown position with regret? Why, the old Ashland District, so famous throughout the history of the country has almost faded away and it is to revive the memories of past political achievements that I favor the election of a high-class man. I believe that the great common people have enough interest in the glory of this old district to rally to the support of the Bourbon candidate."

possibly fifty will be called for trial. The term promises to be a busy one with a number of very important cases.

Court adjourned until this morning, when the docket will be called, consisting of Commonwealth cases.

GOV. BECKHAM PREPARING FOR ACTIVE CAMPAIGN.

Is Perfecting Strongest Political Organization Ever Known in Louisville.

E. P. HUMPHREY

MADE CHAIRMAN.

Prominent Men Over State Express Their Preference For Beckham.

Political developments of great significance came Thursday morning when it was announced that the Louisville supporters of former Governor J. C. W. Beckham for the Democratic nomination for Senator have united to perfect one of the strongest and most aggressive organizations that was ever formed in Louisville for any candidate, and which includes not only dozens of the most influential political leaders of the local Democratic party, but lawyers, bankers and business men of much prominence.

At the request of Mr. Beckham, communicated through his State managers, and with the concurrence of all the men who have decided to become active for Mr. Beckham in the Louisville district, Mr. Edward P. Humphrey was Thursday morning requested to accept the chairmanship of the Beckham campaign in the city of Louisville, and he accepted for reasons given below.

Among the men who are expected to take an active hand in crystallizing public sentiment for Mr. Beckham are Mr. Edward T. Tierney, chairman of the Board of Safety; Mr. James B. Brown, vice president of the National Bank of Commerce; County Clerk Pres. Ray, Judge A. H. Humphrey, Judge Matt O'Doherty, Mr. W. W. Davis, County Attorney A. Scott Bullitt, County Jailor Charles C. Foster and dozens of others.

SELECTION OF CHAIRMAN. For a number of weeks Mr. Beckham has been receiving the most encouraging reports of the strength of the sentiment behind him in the city of Louisville, and Tuesday of this week he communicated a request that Mr. E. P. Humphrey be asked to accept the chairmanship of the local campaign. This suggestion was immediately accepted by Mr. E. T. Tierney, Mr. Brown and the other active friends of Mr. Beckham. Mr. Humphrey made the following brief statement to the Evening Post relative to the matter:

"I have agreed to accept the chairmanship of the campaign for Mr. Beckham in Louisville for these reasons: I wish to help in bringing not only the Democratic party in Louisville but the whole city in closer touch with the prevailing sentiment in the State of Kentucky. Of the overwhelming strength of Mr. Beckham in the State there is no question. It appears that he has almost equal strength in Louisville. We will show in this campaign that Louisville is determined to keep step with the State."

MR. TIERNEY'S STATEMENT.

Mr. E. T. Tierney said: "I declared for Mr. Beckham for the Democratic nomination for Senator some weeks ago, and I have been astonished by the strength of the Beckham movement in Louisville. This is confined to no one class. Dozens of the strongest politicians are for Beckham, but equally significant is the fact that men who have heretofore refused to have anything to do with political organizations have agreed to take part in a sixty-day campaign for Mr. Beckham, and I believe that Mr. Beckham will carry Louisville by a majority running well up into the thousands. Now that Mr. Humphrey has accepted the chairmanship, we will at once open local headquarters, secure a campaign secretary and office force and organize Louisville for Beckham from the First ward to the Twelfth."

MR. BROWN'S POSITION. Mr. James B. Brown is like Mr. Humphrey and other men who propose to be active in the Beckham

campaign. Mr. Brown is rarely able to give more than a fraction of his time from business to governmental matters, but he considers Mr. Beckham so much the strongest man available for Senator and his nomination so important to Louisville, that he will assist in the campaign from the beginning to the end.

MR. DAVIES' STATEMENT. Mr. W. W. Davies said: "I have been several times interviewed by gentlemen who wished me to support a Progressive for United States Senator, but I have told them that I am a Democrat and am for Mr. Beckham for Senator and Mr. Sherley for Congress. Mr. Sherley's support of President Wilson I have strongly approved and I have always had the greatest admiration for Mr. Beckham. I am a Democrat and will vote in the primary for Beckham and Sherley and in November for the same candidates."

COUNTY CLERK RAY'S STATEMENT. County Clerk Pres. Ray, one of the most influential politicians in the Democratic party in Louisville, declared for Mr. Beckham in the most emphatic term Thursday morning and expressed much gratification of the success of the Beckham men in enlisting many men of prominence in the fight. Mr. Ray said: "I think the nomination of Mr. Beckham the best thing for the State and the best thing for the Democratic party. His nomination will hold in our party all of those former Independents we have secured by giving a good local government. I think Mr. Beckham will sweep Louisville at the primary."

Mr. Ray's open declaration for Mr. Beckham created something like a panic among the few McCrory and Stanley men in the court house.

As stated some weeks ago, Judge A. P. Humphrey has communicated to Mr. Beckham his best wishes in the contest and his assurance of support. County Attorney Scott Bullitt, who was appointed Sheriff in 1907 by Mr. Beckham, also stated that he is supporting the former Governor.

Judge Matt O'Doherty is an active supporter of Mr. Beckham.

Mr. Charles C. Foster is a strong Beckham man.

MR. DUGAN'S POSITION.

It is said to be certain that Mr. Frank Dugan, who is everywhere recognized as one of the most capable organizers inside the Democratic party in the city, will assist in organizing the Beckham campaign. Mr. Dugan is considered by many the most thorough political organizer in Louisville, and he has hundreds of friends.

BARRY FOR BECKHAM.

Another stalwart Louisville Democrat who is now an ardent advocate of Gov. Beckham is Mr. John J. Barry, who is chairman of the Fourth and Fifth Ward Committees.

Mr. Barry has the record of having never failed to carry the Fourth and Fifth wards in a contest.

Mr. Barry says he intends to make the campaign of his life for Gov. Beckham, and that he will set a new mark in the Fourth and Fifth wards.

SHIPMENTS OF ARM ABSORBING QUESTION.

WASHINGTON, June 5.—The situation confronting the Washington government with reference to shipments of arms to constitutional forces at Tampico continued as the all-absorbing subject of deliberation in official quarters.

A report reached the State Department that another steamer loaded with ammunition had cleared from New York for Galveston, Tex. Inasmuch as the recent order was to refuse clearances only to ammunition shipped for Mexican ports, it was stated there could be no denying clearances to ships billed to an American port. At Galveston, reports reaching here declared, ammunition on the ship sailing, would be transshipped to Tampico.

CONDITION OF STATE TREASURY

REPLIES TO THE
HON. J. C. CANTRILL.

(Continued from Page 1.)

ties and the liquor interests in his native State, the result of which alliance has been to nullify and thwart the will of the majority through every corrupt agency which would sink itself to the level of these ends and purposes.

"That is the issue involved here, and it is because, this gentleman knows, in view of the present election laws, and the determination of courts and juries to put an end to the election practices of that alliance, the majority will be heard in this election, and their votes will be counted, that he proclaims so loudly his devotion to Democratic policies and platform.

"The 'deals' to which Mr. Cantrill refers are fabrics of his dreams, are things wished for by him, but which never existed. I made no deal with the liquor interests six years ago or four years ago, and I am certain there is no legislation which I promised them, and none which I gave them.

Cantrill's Prohibition Views.

"Mr. Cantrill announces his opposition to National prohibition, and affirms that the adoption of National prohibition would disrupt 'our organizations' and turn the entire Government over into the hands of our political enemies.' It would undoubtedly disrupt organizations such as Mr. Cantrill has for so long maintained in Kentucky and like organizations, no doubt, in other States. And if it be true, as Mr. Cantrill, in effect, asserts, that the Democratic party can not live except by alliance with and dependence upon the liquor business the sooner that fact is ascertained the better.

"Fortunately, the contrary is true, as is evidenced by the State of Kansas, which has a prohibition law, and in which a loyal Democrat, but a staunch defender of prohibition, defeated his Republican opponent at the last election, the issue between them being whether or not the prohibition law should be strictly enforced, the successful Democrat favoring strict enforcement.

Why Democrats Lost Tennessee.

"We lost Tennessee a few years ago because we allied ourselves with the liquor interest and a combination of temperance Democrats and Republicans enacted and put into effect the most stringent prohibition legislation known to the country.

"So satisfactory have these laws proven to be that a great Democratic convention has just adjourned at Nashville, in which the question of strict enforcement or non-enforcement of these laws was at issue and a Democratic ticket was nominated on a Democratic platform pledging Democratic fealty to the prohibition and other anti-liquor laws, and that Democratic ticket will be successful before the people at the November election.

"There is no doubt that prohibition would turn the entire Government over into the hands of Mr. Cantrill's political enemies, if by political enemies he means those who place first and superior to election to office the preservation of our homes, the ending of economic waste entailed by the maintenance of the saloon system, and the determination to preserve this government, and all of the institutions that exist under it, along such lines as will serve best the intellectual and moral well being of all the people.

Thomas' Attitude Well Known.

"My attitude on the temperance question is well known to all who know me personally, and to the general public through my advocacy of the county unit bill, and all other temperance measures that came before the Legislature while I was a member of the State Senate.

"I have always been opposed to the open saloon for the sale of liquor as a beverage, and as the liquor question is one in which the people are vitally interested I have always contended that they have a right to a voice in the settlement of the matter. "I advocated the county unit bill because I thought the people of a county had a right to say whether the sale of liquor should be permitted in the county. I am a Democrat, and one of the fundamental doctrines of the Democratic party is the right of the people to rule through their duly accredited representatives, and to settle by their votes any question which may be referred to them for decision. "This is sound Democratic belief, and always has been, and always will be. The people are, and of right should be, the final tribunal by which all matters of governmental policy are determined.

Liquor Question Not Local.

"The liquor question is no longer a local and sectional issue. Whether the liquor people like it or not it is nearly every State in the Union a political question of pressing, vital and paramount importance, and will continue to be so until settled in the way the people demand.

"I believe in the people, and am willing to submit this question to their decision at the polls, and, therefore, if I were a member of Congress I would feel it my duty to vote for the Hobson resolution to allow the sovereign people of this nation to decide for themselves this momentous issue, and I would do this as a Democrat who believes in the old Democratic doctrine of the right of the people to rule.

"As a Democrat I could not believe that I had the right to refuse to allow the people of this nation a voice in the settlement of a question which so vitally concerns every community in America. It is a question for the people of a county to settle when it is only a county question, for the people of the State when it becomes a State question, and for the people of the nation when it becomes a National question. And this question is county-wide, State-wide and Nation-wide, and I stand as a Democrat for the right of the people to settle it, and

not for a few men in Congress to presume to settle it for them.

Gave Cantrill His Support.

"Mr. Cantrill does me great injustice in stating that I did not support him after he defeated me four years ago and in the further statement that I gave support to his Republican opponent. I supported Mr. Cantrill at that time, I did not support his Republican opponent, and I can state further, which Mr. Cantrill is unable to do, I have never supported any Republican nominee, and have never failed to support a Democratic nominee since I was old enough to vote.

"Lastly, eth gentleman finds fault with my failure to state in announcing myself a candidate that I stand with the President in carrying out the pledges of the Baltimore platform. In my case that was absolutely unnecessary. I was the President's loyal friend and supporter when he was but the Governor of New Jersey seeking the Democratic nomination for President of the United States, at a time when Mr. Cantrill, with all of the influence and power of Congressional place, was doing all within his command to encompass Governor Wilson's defeat.

"I will be grateful for your support, and if elected to Congress I shall do all within my power to faithfully represent the interests of the people of the Seventh Congressional District.

"CLAUDE M. THOMAS."

PROMINENT MEN DECLARE FOR HON. C. M. THOMAS.

HON. W. C. G. HOBBS FOR MR. THOMAS.

The Lexington Herald says: "The announcement of the Hon. Claude M. Thomas, of Paris, as a candidate for Congress, in opposition to Congressman J. Campbell Cantrill, appeared yesterday in the Herald, has met with responsive approbation from a large number of Democrats all over the Seventh Congressional District. Hon. W. C. G. Hobbs, one of the leading Democrats of Fayette County, to a Herald reporter said:

"The announcement of the candidacy of Senator Thomas is especially pleasing to me and I shall give him my hearty support. I am for decency in politics and shall, if I can spare the time, make a number of speeches in advocacy of Mr. Thomas' nomination."

CONFEDERATE VETERANS DECLARE FOR THOMAS.

The Lexington Herald says: "I am for Claude M. Thomas for Congress," said J. Esten Keller, Confederate soldier, Thursday.

An interesting war narrative of the sixties told by Mr. Keller stated with only the Herald reporter and one other, T. D. Young, himself a Confederate soldier, composing the listeners, but before it was concluded Jacob Sandusky and T. L. Cassell, both Confederate soldiers, joined in.

The conversation then turned to the Congressional race and a poll of the crowd was taken. All were found to be for Senator Thomas.

"We are for Thomas because we know he is a clean, able, conscientious man and stands for all that is best for the community, State and nation," was the composite statement of the gathering.

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

Lumbago-Sciatica Sprains

"The directions says, its good for lumbago too.—Sloan's cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.

"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all kinds of dope without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Whittier, Calif.

Instant Relief from Sciatica
"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—W. H. Hawkins, Frankfort, Ky.

Sprained Ankle

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other fellows in my department. I have never been without a bottle since that time."—Mr. William H. Bruce, Central Islip, N. Y.

"MEANEST THIEF ON RECORD" IN MCCrackEN COUNTY.

The meanest thief on record has been found. C. A. Lindsay, of Mechanicsburg, was awakened by a noise in the back yard. He looked out and in the moonlight saw two men milking his two cows. Constable Shelton lives next door and Lindsay dashed out, calling the Constable as he ran. The milkers picked up their well-filled pails and fled. Shelton pursued, and fired twice in the air. At the first shot one of the milk stealers halted and fell, pulling the milk pail on top of him and the other in the scramble to get him up, spilled all of his. Shelton couldn't catch them after that, but he votes them worse than "cradle robbers."

PLAIN TALK

From Two Prosperous Housewives, About Peruna.

Mrs. E. T. Gaddis

with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever. I do all my own work and it never hurts me at all. I think Peruna is a great medicine for womankind."

Mrs. Sarah Frye, No. 105 Sylvan Ave., Asbury Park, N. J., writes: "I have no words to express my gratitude for the wonderful cure that Peruna has done for me. It is a godsend to all suffering women. Peruna has done wonderful work for me."

"I was sick over half of my life with systemic calarrh. I want this letter published far and wide, as I was a great sufferer, but to-day I feel as well as anybody can feel."

"Nearly all my life I have spent nearly all I could rake and scrape for doctors, but none of them did me any good. But since I started on your Peruna one year ago I have at last found relief in your wonderful Peruna. I had begun to think that I was not going to get well, but thank God I am well to-day."

"I hope and pray you may live long to help others as you have helped me. Instead of being a walking drug store I am growing fat and doing well. I will never be without Peruna."

Those who object to liquid medicines can now procure Peruna Tablets.

THEATRICAL.

Columbia Theatre To-day.

"The Characters of Society," a two reel Broncho drama, and a comedy reel entitled, "He Who Laughs Last."

Columbia Tomorrow.

"The Belles Austi," 2 parts (Domino)—Jose, son of wealthy plantation owner, Don Luis, gambles. Pedro, who keeps a gambling hall, and Paquita, a pretty dancing girl, plan to ensnare him. Jose owes them money. They demand payment, but Don Luis will not give money. Jose is betrothed to Mercedes, the daughter of Don Rafael. A new mission is being built at Austi. Jose promises to pay his debts on a certain night and when he does not meet Pedro, the latter goes to his home and sees Don Luis secreting his money in a desk. Later he is in the act of taking the money Jose, hearing a noise, comes and makes Pedro give up the money and also the I O U's. Pedro then makes his getaway. Don Luis comes upon the scene and mistaking his son for a burglar shoots him; when he discovers the I O U's in Jose's hand he thinks that Jose was attempting to rob him. Pedro flees with Paquita and becomes the head of a bandit outfit who are informed of a cavern with rich furnishings for the new mansion. They capture this, but one priest escapes and informs the Padre in charge of the mission. He calls the people together and with Don Luis at the head, they capture the bandits, and Pedro is wounded. Dying, he asks for Don Luis and Mercedes, who upon the death of her lover, has become a sister. To them he confesses his part in the killing of Jose and thus the name of Jose is cleared from the stain.

Another reel will be shown, "A Rural Demon," a Keystone comedy scream.

The Alamo To-night.

This afternoon and night will be shown at the Alamo, Augustus Thomas' great film production of Eugene Walter's famous play, "Paid in Full." This film was made by the All-Star Feature Company, with the original Broadway cast, under the personal direction of Augustus Thomas. The play itself ran for five seasons, a financial and theatrical success, and its merit, made the whole country sit up and take notice. "Paid in Full," as produced in motion picture play, loses none of the gripping interest of the stage production, and so earnest, so intense, so powerful is the impression made upon the audiences that they can hardly realize that it is only the motion picture they are witnessing, and not the solid structure of the play. The plot treats of the noble sacrifice of a wife to save her husband from prison as the result of his speculations from his employer; the scheming of Capt. Williams, the old trader and mariner, whose life has been a series of brutalities; Joe Brooks, his clerk, whose wife, Emma, Jim's Smith, dock superintendent of the Captain's steamship company, and Joe's rival, figure strongly throughout the action. The play carries features far too diversified and too complex to be treated in an ordinary press notice; and the best thing to do is to go to the Alamo Theatre to-day and witness what is without doubt the strongest, the most thrilling and the most meritorious production of one of the greatest stage plays of the decade. The story is told in five reels, each one of intensely gripping interest. To-day, matinee and evening. Go early. You will come out with an exalted opinion of this the greatest picture story of 1914. (adv.)

Improvements at the Alamo.

The Alamo, one of the prettiest little picture show houses in the South, will greatly improve its already good service this week by adding another picture machine, making two machines that will be used on the same picture, which will do away with the "wait a minute for the change of reel" feature, one reel fading away into the other, doing away with the wait for the change. The machine is now being installed and will be ready for use some time later in the week. Commencing to-day they will begin to run four reels of pictures instead of three, as has been the custom. Miss Hall, the pianist, is receiving new music every week direct from the publishing house, which will be given to the public in her inimitable style.

OHIO SEED MAN HERE
LOOKING FOR STRIPPERS.

Mr. W. E. Ellis, a prominent seed
dealer of Washington C. H., Ohio, is
in Paris, seeking to make arrange-
ments for harvesting a big crop of
Bluegrass seed in his vicinity, or to
purchase the strippers for gathering
the seed.

Mr. Ellis has a crop of about 10,000
bushels on a tract of 1,000 acres. The
season there is from six to eight days
later than in Kentucky, the seed rip-
ening slower. He visited a number
of representative seed dealers here
yesterday, and interviewed several
growers who are now gathering large
crops of the seed on Bourbon County
farms. Mr. Ellis also consulted a
firm who manufacture strippers, and
if he does not succeed in making a
satisfactory contract for harvesting
his crop, he will purchase strippers
and import a squad of experienced
hands from Bourbon County fields to
take care of the crop on his holdings.
He is registered at the Windsor Hotel
where he will be for a few days.

"EASY-OPENING BOX"

KENTUCKY TO BE SHOWN IN THE "MOVIES."

A unique plan for raising funds for the erection of a Kentucky building at the Panama-Pacific Exposition and at the same time advertise Kentucky's resources and reveal the home life of this State, has been adopted by the State Commission. The plan is a moving picture exhibit.

Those who wish to be represented in the moving picture show in the Kentucky building will be charged according to the number of feet of film they use. F. S. Hendrick, of the Washington Post staff, will make the pictures. He already has secured a similar contract in Alabama, Georgia and Tennessee and closed the contract with Kentucky also.

The Kentucky building will be made as home-like as possible, a rendezvous for Kentuckians at the exposition. The departments of education, forestry, geological survey and agriculture are planning exhibits, as well as many of the industries of the State. A room will be devoted to the moving picture show, which will be a continuous performance, and is expected to be one of the most valuable sections of the exhibit. Kentucky homes, fields, factories, schools, mines, political meetings, distilleries and all the commercial activities of the State will be represented.

PREVENTABLE DROWNINGS.

It is astonishing how many drownings there are that a little common sense might have averted. In Delaware River four young men who could not swim jumped overboard to keep a boat from sinking and save the lives of two boys and a girl who were on board. Their gallantry cost them their lives. The others were saved. Had the four young men simply slipped overboard and held to the boat, a leaky one, it would not have sunk. One hand rested lightly on the gunwale, the other and the feet used for paddling slowly enough to guard against fatigue, or not used at all, would have saved four lives outside of the boat as well as to have the three inside, until help could have come.

Very little support is needed to add to that provided by the water and keep a non-swimmer afloat, if only he realizes that he must not try to climb on the support and hold above water. A small plank will float a large man if he has the courage and coolness to keep nothing but his head above water. The same plank goes under at once when a man's weight is put on it with his shoulders and head out of water.

Try to remember this, if there comes a time when it is useful to remember it.

CRYING FOR HELP.

Lots of It in Paris But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed.

Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys' cry for help.

Read what Doan's Kidney Pills have done for overworked kidneys.

Proof of merit in the following statement:

Mrs. Eva Cooper, Main Street, Winchester, Ky., says: "Although I never had occasion to use a kidney remedy myself, I can strongly recommend Doan's Kidney Pills for we have taken them in the family with fine results. One of the family has taken them with excellent results for pain in the back and kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cooper had. Foster-Milburn Co., Props., Buffalo, N. Y.

BLACK-JACKED IN BROAD DAYLIGHT.

Two employees of the cashier's department of the American Can Company, in New York, were "black-jacked" in front of the company's office at Fourteenth street and Tenth avenue and robbed of \$2,700 in cash. The robbery was the boldest that has occurred in several months. It took place in broad daylight in a crowded street, but the highwaymen escaped.

SIMPLEST WAY TO KILL FLY.

The London Lancet, the leading medical journal of the world, says that the best and simplest fly killer is a weak solution of formaldehyde in water (two teaspoonsfuls to the pint). Place it in plates or saucers throughout the house. Ten cents worth of this liquid will last an ordinary family all summer. It has no offensive odor, is fatal to disease organisms and is practically non-poisonous except to insects.

INDIGESTION AND CONSTIPATION

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers. (June)

The Telephone and Good Roads

The telephone goes hand in hand with good roads.

The telephone overcomes many of the obstacles of bad roads and makes it possible for the farmer and other rural residents to transact business in the city and with neighbors when the roads are impassable.

Progressive farmers are insisting upon good roads and telephones. These two agencies of modern civilization are doing more than all others toward eliminating the isolation of country life. You can have a telephone in your home at very small cost. Send a postal for our free booklet giving complete information.

Bed Room Decoration—Little can be added to what we previously mentioned concerning the suitability of "near to nature effects" for the bed room. While simplicity is the key-note of decorative success, quite frequently this room requires decorations along the lines herein mentioned.

A panelled treatment for both walls and ceiling, the cut-out borders should be used in the larger rooms. Delicately figured and colored walls and ceilings are most appropriate in work of this character.

IMPORTANCE OF HEALTHY KIDNEYS.

Paris Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is pouring through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles for 50 years. You will make no mistake in following this Paris citizen's advice.

Mrs. Ida Huffman, 115 Main Street, Paris, Ky., says: "We think Doan's Kidney Pills are just fine. We will confirm the statement we gave some years ago recommending them. I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised, I got a supply at Wilson's Drug Store and gave them a trial. I was very much pleased with the results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Huffman had. Foster-Milburn Co., Props., Buffalo, N. Y.

BEEES TIE UP TRAFFIC AND STOP FACTORIES.

Students at St. Xavier's College, Cincinnati, had a joyous time Friday when they stirred up a colony of bees which had hived on a window of the institution, but the bees eventually had their revenge by stopping traffic and causing a number shoe factories to suspend operations until the ferocious attack by the insects was over.

ONLY ONE ENTIRELY SATISFACTORY.

"I have tried various colic and diarrhoea remedies but the only one that has given me entire satisfaction and cured me when I was afflicted is Chamberlain's Colic, Cholera and Diarrhoea Remedy. I recommend it to my friends at all times," writes S. N. Galloway, Stewart, S. C. For sale by all dealers.

OINTMENT

Your Dad, Your Grand-Dad, Your Great-Grand-Dad

All used May-Apple Root to release the bile from the liver. It gripped those days—but in the PODOLAX formula the gripe has been taken out. Buy it and try it.

THE HUMBLE NEEDLE IS MAN'S TINIEST TOOL.

Who made the first needle? Perhaps some clever wife, who pierced the shank of a fine fishbone to carry a thread of plant fiber or catgut.

To-day the needle is the symbol of civilization, for where you find human beings this side of barbarism you find clothes, and where clothes are there are needles.

Man is a tool using animal. And the needle is the commonest and smallest of tools.

The spider spins his web, the worm his cocoon; the man, by nature naked, weaves his outmost cuticle with this sharp, shining shaft of steel.

I have never seen the needle factories. Yet they are in my mind's eye huge, many-windowed barracks, and out of them march, day after day, the little soldiers of civilization, in silver gleaming armour, golden helmets, in companies and regiments to go to Alaska and Cape Town, to Tokyo and New York; to the hands of the mother and the sister; to the morocco case upon the mahogany dressing table of the darling of wealth, to the workbox of the wife of the people, to the dark rooms of the slaves of the sweat shops, to the pincushion of the bachelor, to the knapsack of the soldier the bundle of the pioneer, the kit of the sailor. Wherever go the animals called human there the little needle dances attendance. — Chicago News.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR.

Use It Like a Cold Cream and Dry Eczema Eruptions Right Up.

The moment you apply bold-sulphur to an itching of broken out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet, in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold creams. It isn't unpleasant and the prompt relief afford is very welcome, particularly when the Eczema is accompanied with torturous itching. (adv)

TWO LITTLE HEROINES.

Grace Hanigan and Helen O'Hara, seven and eleven years old, respectively, swam about near the scene of the sinking of the Empress of Ireland until they were picked up by boats.

"Learn to swim before you embark in a rowboat or liner" is the argument of the New York Tribune, based upon the experience of the two little girls.

Learning to swim is wise, of course, but many excellent swimmers were drowned when the Empress of Ireland went down. Many of those who could swim were strong men. These two little girls not only knew how to swim, but also possessed the coolness that makes heroes and heroines in times of great danger. While others who could swim as well were frightened, and swallowed water while crying for help, and while others, far stronger than they, became discouraged and gave up the struggle, these youngsters paddled away in the hope of the rescue that, as fate determined, awaited them.

We see no moral other than that to be courageous is often worth your life. Everyone is not cast in heroic mould, and heroic mould does not mean broad shoulders or manly strength.

SUNKEN LINER MAY BE RAISED.

Whether the sunken liner Empress of Ireland, on which it is now officially declared 1,024 lives were lost, is to be raised from the bottom of the St. Lawrence River to recover the hundreds of bodies in her hull, or whether she will be dynamited to pieces is expected to be decided at a conference in Montreal of Government officials and representatives of Lloyd's.

It is believed there will be great indignation if there is no attempt to recover the bodies, and to meet this demand, if possible, the Government is understood to be anxious to have the liner brought again to the surface.

CURES STUBBORN, ITCHY SKIN TROUBLES.

"I could scratch myself to pieces" is often heard from sufferers of Eczema, Tetter, Itch and similar Skin Eruptions. Don't Scratch—Stop the Itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the Red, Rough, Scaly, Itching Skin is soothed by the Healing and Cooling Medicines. Mrs. C. A. Einfield, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c at your druggist.

THE EXPRESS IS IN THIS TOWN**AND IN TO STAY**

FOR seventy-five years—three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The express came to Paris in 1854, and it came to stay. For 50 years it has been the right-hand of commercial Paris.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this protest—the express companies? No! The merchants of the country—shippers everywhere—petitioned Congress that no action might be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

For seventy-five years in the past and for a good many years in the future Express Service will mean

EXECUTIVE AGENT QUINCY WARD DOING GREAT WORK.

Every law-abiding and law-respecting sportsman in Bourbon County will heartily approve of the following, from the Richmond Register: "State Game Warden Quincy Ward, has been stocking many streams of the State with fish from the Government, of late, and the sportsmen of the State will have another chance to enjoy the sport that has for years been one of the greatest in the country in Kentucky. In recent years though, the seine, the gig and dynamite, have almost wrecked the streams, and an effort is now being made to regain, if possible, the lost sport. Every fisherman in the State should see to it that the new game laws are strictly adhered to, and all violators prosecuted. There seems to be a determined effort on the part of the fishermen, as never before, to aid the State Commissioner in replenishing the streams of this county with game fish."

Finds Father After Fifty Years.

Wilmore—Wilmore residents are listening to another tale of separations of families in war times in the South, and the finding of the long missing, John Lee, a negro, 75 years old, of Shaker Bend, Mercer County, after searching 50 years, found his father, more than a 100 years old, living at Dayton, O. The father had enlisted in a Northern army in the Civil War, and had been believed to be dead by every one except his son.

Grandfather's Clock.

Harrodsburg—B. F. Smart, of Mercer County, has an old-time wooden "grandfather's" clock, which has been in the family for 125 years. It is a correct timepiece, and also gives changes of the moon, days of the week and days of the month. The old clock was once the property of Mercer Daniel, one of the early settlers of the county, and has been handed down from father to son. It is now in the possession of B. F. Smart, great-grandchild of Mercer Daniel. It bids fair to make another century run.

TRACTION COMPANY ADOPTS NEW RATE SCHEDULE.

Beginning on June 20, the Kentucky Traction & Terminal Company will establish an entirely new schedule of rates upon its interurban lines centering in Lexington, the new rates being made to conform to the two and a half cent rate law passed by the last session of the General Assembly. This law has been construed to apply to interurbans as well as steam roads, the latter having already taken steps to put the new rate into effect and the same time.

The most significant feature of the new change rates is that it will entirely abolish the old five-cent fare zones, and fare points, the minimum rate as provided in the new law, being ten cents.

This will affect a large number of interurban patrons living within two miles of Lexington, Paris, Versailles and Georgetown, who have up to this time been enjoying the advantage of a five-cent interurban service.

Outside of the increase in the minimum fare from five to ten cents the most marked change affecting local patrons of the interurban service is rates from Paris, Lexington, Versailles and Georgetown. The rate to these places is raised five cents in each direction. The rate from Paris to Lexington will be forty-five cents instead of forty cents, as at present. The special rates to Blue Grass Park from Lexington and other points effective as summer round trip excursions will not be changed. The rate from Paris to the Country Club, 35 also remains unchanged.

Since the editor's death other small amounts have been found, the total aggregating \$1,000.

Vale, Tango! High Bridge—Dr. H. C. Morrison, President of Ashby College, at Wilmore, three miles from High Bridge, censors papers and magazines so that they will be safe reading for his charges. It is said that he recently tore from an Eastern publication a double page in colors advertising a talking machine in which dancers of the tango were shown.

Receipts For State Employees. Frankfort—Receipts to be used by State employees are being printed for the Auditor's office and will be distributed before June 16, when the law requiring them to file itemized expense accounts and receipts for all expenditures over one dollar, becomes operative. LEXINGTON MAN IN MOTORCYCLE ACCIDENT

Benjamin Combs, of the Ten Broeck Tire & Rubbe Co., Lexington, was painfully hurt in a motorcycle accident near Paris, Saturday afternoon. Mr. Combs and B. J. Rogers, of the Ten Broeck Company, came to Paris on a business trip, and while approaching the Langston bridge, near Paris, Mr. Combs had a bad spill, in which he sustained a number of severe cuts and bruises, and in addition, there is some fear that his knee cap was fractured. The accident was caused by the front wheel of his machine dropping

into a chuch hole at the end of the bridge, twisting the wheel out of the rider's hands, and throwing him some thirty feet clear of the machine, which was more or less damaged. Mr. Combs was taken to Lexington Sunday night on an interurban car, and his injuries are said to be very serious.
